**Rheumatology 2**  
**March 26<sup>th</sup> – March 30<sup>th</sup> 2007**

## GENERAL INFORMATION

The goal of the course is to provide you with a knowledge on selected aspects of rheumatology. The material will be presented during seminars, case demonstrations, and clinical classes according to the schedule given below. Study resources will be available as PDF files on [www.reumatologia.ump.edu.pl](http://www.reumatologia.ump.edu.pl).

All activities will take place at the Dept. of Rheumatology, Józef Struś Municipal Hospital, Poznań, Szkolna Street 8/12. Seminars and case studies will take place in the seminar room (Entrance H, 3<sup>rd</sup> Floor). Clinical classes will take place at the Dept. of Rheumatology, Entrance G, 2<sup>nd</sup> Floor).

During the clinical classes, all students will be divided into smaller groups in order to ensure better conditions for students, teachers and patients. Seminars will be conducted for all students at the same time.

During the course every student should possess his/her own hospital clothes. Our staff will assist you with any individual queries arising during the course.

A 20-question multi-choice test examination will take place on the last day of the course. Twelve questions (60%) must be answered correctly in order to pass the test.

We wish you a lot of success in your student's and professional career and hope that you will find our course interesting and meeting your scientific expectations.
